

REMINDER NOTICE: Unwanted Encounters !

REMINDER NOTICE: In this two topic safety seminar, members of the 439th Airlift Wing will brief us collision avoidance and wake turbulence. Military aircraft share the airspace with civilian aircraft each day in the National Airspace System (NAS). Collision avoidance in the air is one of the most basic responsibilities of both civilian and military pilots. Wildlife and bird strikes occur every day. They are a very real hazards to all aircraft. FAASafety Rep. and expert on the risk of avian hazards to aircraft, Gary Cooke will discuss what we can do to minimize the risk. Refreshments will be provided by Pioneer Aviation. Don't miss this exclusive event. Click on the link below and register TODAY.

Directions: Please see the map link for directions.

A message from the National FAASafety Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
